

MATRIOTS

# Member Campaign Pledge

## YES, I pledge my support as a member of the Matriots, an Ohio independent political action committee.

As a member, I embrace the Matriots' purpose and goals to: endorse Ohio women running for political office who will write and vote for legislation and public policy that promotes an economy in which women can prosper and their human, civil, and reproductive rights will be safeguarded; to support select female candidates with our money, influence, votes, and engagement; and to encourage women to increase their political influence and impact by holding office, contributing to women candidates, writing policy, influencing legislation, and voting. I believe in the founding principles: The well-being of our families, communities, and country is directly impacted by the economic independence, health, and safety of females. We will support and elect Ohio women who will work to build communities that are safe, healthy and prosperous, and that provide sustainable opportunities for women; and we will leverage our collective power to secure equal gender representation at all levels of government, as this will create a "more perfect union," where women have equal opportunities, access, rights, and responsibilities.
